

CERTIFICATE OF REGISTRATION

Information Security Management System
ISO/IEC 27001:2022

Poll Everywhere, Inc.

A-LIGN Compliance and Security, Inc. certifies that the organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2022. The scope and boundaries of the ISMS is as follows:

“The Information Security Management System (ISMS) and Privacy Information Management System (PIMS) in accordance with ISO/IEC 27001:2022 and ISO/IEC 27701:2019 respectively, supporting the Poll Everywhere audience response and participation system (the “polling platform”), composed of: the software designed and developed by Poll Everywhere; the external dependencies that provide services for continued operation of the business; the information systems that are used to store and provide computational and storage resources for the platform; the person(s) and business processes responsible for protecting the confidentiality, integrity, and availability of the platform and its data; and the person(s) and business processes responsible for ensuring the continued rights and freedoms of the PII principals and customers for which data is stored about in the system.”

The Company does not have any activities within the certification undertaken at a defined physical location, and all activities are conducted remotely.

The statement of applicability includes control objectives from the ISO/IEC 27001:2022, ISO 27701:2019 Annex A (PII Controller), and Annex B (PII Processor) frameworks.
